Sometimes life takes you in fun directions. The Boys & Girls Club Board members were fortunate enough to attend the annual Boys & Girls Club board meeting. This year it was held at the Great Wolf Lodge in Grapevine, Texas. I was part of this group and was amazed by all I saw while staying there. For instance, the Great Wolf Lodge houses a huge indoor water park. Can you imagine enjoying a water slide, wave pool and other various water rides in the middle of January — without freezing to death? The temperature was like that of a sauna. All the kids had a blast while all the parents attended meetings and took care of business.
When the water park closes, you can still have a great time. There is an arcade with many games that you can enjoy, and many restaurants including Pizza Hut Express, The Loose Moose Cottage (the hotel buffet), Camp Critter restaurant, Spirit Island Snack Shop, Starbucks and Bear Paw Sweets and Eats.
The price of the rooms are separate from your meals. The cost is around $100 per person and does not include meals and snacks.
The water park does not cost extra to get in, but you must have your room bracelet to enter.
Maybe now you have an idea for a great place to spend your spring break. The Great Wolf Lodge is definitely one of the best places I have visited in a while.
